and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED **ABOUT ANY CIGARETTE**

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields - 10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the sixmonths period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

breather, but such isn't the case at the present time. True, the Indians have lost four straight games, including a 32-6 verdict to Strendsburg. However, last Friday the Lehighton contingent held Slatington to 14 points, even though the Indians went down to defeat, by the margin of points. Kist, the East Stroudsburg ceach, told me that Slatington would improve greatly through the season, after his Cavaliers had scored an 18-6 verdict over the same team. Slatington has played two times since the East Stroudsburg contest and since Lehighton remained on comparative even terms with Slatington as far as scoring is concerned, it proves that the Indians are vastly improved, since we got a first-hand look at them at Giffels field.

Stroudsburg High on the other hand ran into trouble last Friday for the second straight week and now boasts a record of two victories and the same number of setbacks. What many thought would be an outstanding season for the Mountaineers, has turned into one of those affairs that may lead to disaster, or on the other hand may feature the young charges of Coach Jerry Stulgaitis bouncing back from the very depths. The Mountaineers opened with victories over Lehighton and Bangor, but since that fime have suffered successive setbacks at the hands of Emmaus and Palmerton.

strong running game until the second half, when Bill Bailey, acting captain for the game, end runs. Karl Weingartner demonstrated his old time passing ability, hitting ends At Bachman and Dave Nevil, with a couple of the plays threatening to go all the way for a touchdown. Bailey picked up virtually all the 47 yards gained rushing by Stroudsburg in the second half, while Don Garaventi and Bill Morman combined to account for the bulk of the 61 yards gained running in the first half. Palmerton picked up 73 yards running in the first half and 77 running in the second.

Before this year, if you wanted a big-car ride ... a high-compression engine . . . a complete choice of interior-exterior appointments...or a curved one-piece windshield and a car-wide rear window, you had to pay hundreds of dollars more. Now FORD offers all these features at no extra cost. It's the one fine car in the low-price field. Take 10 minutes and "Test Drive" a Ford. You'll agree ... you can pay more but you can't buy better.
